

LYNN ANNE KABUGI

Nairobi, Kenya • +254 746 782 577 • lynkabugi@gmail.com

PROFESSIONAL SUMMARY

Organized and detail-oriented business professional with experience in administrative coordination, employee support, customer service, records management and confidential information handling. Currently supporting day-to-day administrative operations in a fast-paced environment, including staff onboarding, employee records, recruitment support, internal coordination and client documentation. Experienced with SAP ERP, Microsoft Office, scheduling, filing and accurate record keeping. Holds a Bachelor of Business Information Technology, with strong problem-solving, communication and interpersonal skills. Seeking to transition into an HR and administration role where I can contribute to effective employee support and well-organized HR operations.

WORK EXPERIENCE

Sales & Administration Assistant, Optica Kenya

October 2024 – Present | Nairobi, Kenya

- Support day-to-day administrative operations through client correspondence, appointment scheduling, filing and accurate record keeping.
- Support onboarding of new staff and maintain employee-related records and documentation with appropriate confidentiality.
- Assist with recruitment activities and internal staff coordination, including communication and follow-up with relevant team members.
- Support employees and management with routine workplace communication and sensitive staff-related matters, using discretion and professionalism.
- Coordinate communication between customers, optometrists and laboratory teams to ensure timely service delivery and smooth workflow.
- Process insurance claims and pre-authorizations across multiple providers with accuracy, attention to detail and compliance with procedures.
- Use SAP ERP to process transactions, manage inventory records, record customer orders and generate daily reports.
- Maintain organized files and documentation while handling confidential customer and operational information.
- Assist with administrative and operational tasks that improve workflow efficiency and service delivery.

Digital Marketing Assistant, Josmik Interiors

February 2023 – August 2024

- Supported planning and execution of digital marketing activities and coordinated content across multiple platforms.
- Maintained organized campaign information and monitored analytics to support reporting and decision-making.
- Conducted market and competitor research and communicated findings to support business activities.

Freelancing, IT Support & Maintenance, Independent

January 2022 – January 2023

- Provided remote and on-site technical support to individuals and small businesses for hardware and software issues.
- Installed, configured and maintained computer systems, printers, routers and other IT equipment.
- Maintained documentation of client systems, issues resolved and maintenance activities.
- Educated clients on basic IT security, safe internet use and system maintenance.

Laboratory Technician Assistant, PCEA Kinyanjui Technical Institute

April 2021 – October 2021

- Managed user accounts, system access and password resets for students and staff.
- Provided technical support and troubleshooting assistance during practical sessions.
- Maintained computer laboratory equipment and ensured orderly, secure use of institutional resources.
- Backed up institutional data and maintained secure storage of digital resources.
