

VICTOR PAUL MUGUNA NDUMBA

Human Capital / Human Resource Professional

+254 708 499 850 | mugunandumba@gmail.com | Nairobi, Kenya

PROFESSIONAL SUMMARY

I take a practical approach to Human Capital with a focus on understanding both the employees' perspective and what the business needs. My experience has exposed me to different areas of HR across Healthcare/FMCG, Manufacturing, NGO programmes community-based initiatives, giving me a good understanding of how people and workplace practices can differ from one environment to another.

EXPERIENCE

Human Capital Coordinator

Harley's Limited | April 2025 – Present

Employee Relations

- Coordinate disciplinary processes by preparing case documentation, issuing and tracking hearing invitations, scheduling hearings, maintaining case files and documenting outcomes.
- Prepare HR correspondence including show-cause letters, hearing invitations, warning letters, resignation acknowledgements, certificates of service and other employee relations documentation.
- Support contract lifecycle administration, including preparation and follow-up of contract documentation, renewals and non-renewals.
- Administer probation processes including probation tracking, confirmation recommendations, probation extensions and communication with line managers.
- Participate in Performance Support Program (PSP) review meetings, support documentation of discussions, performance concerns, agreed actions, timelines and follow-up requirements.
- Support employee exit and clearance processes, including coordination of clearance documentation, handover requirements and related employee records.

Recruitment & Selection

- Support recruitment activities from vacancy coordination through shortlisting, interview scheduling and candidate communication.
- Review and screen applications against job requirements and support preparation of shortlists for hiring managers.
- Coordinate interview logistics, including scheduling candidates and supporting interview panels with required documentation.
- Support onboarding of successful candidates by coordinating documentation, induction arrangements and relevant HR records.

Learning & Development

- Coordinate training logistics, attendance and supporting documentation for employee learning and development activities.

- Maintain training records and trackers and support follow-up on identified learning requirements.
- Assist in coordinating employee awareness sessions, HR briefings and engagement activities with relevant stakeholders.

HR Operations & Generalist Support

- Manage leave administration, including processing leave documentation, maintaining leave records and supporting reconciliation of leave balances.
- Prepare HR reports and trackers covering employee relations cases, exits, probation status, leave and other HR activities.
- Support employee engagement and welfare initiatives, surveys and implementation of agreed action plans.
- Support HR audits, filing reviews and process improvement initiatives to improve HR service delivery.
- Use HR systems including SAP, Xora & SeamlessHR to support HR administration, employee data and workflow processes.
- Support payroll-related HR administration by providing accurate employee updates and documentation where required.

Human Resource Assistant

Surge Energy Limited | February 2024 – February 2025

- Maintained and audited employee records in physical and digital formats and supported HRIS data management.
- Supported recruitment processes including CV screening, interview scheduling and background checks.
- Managed onboarding and induction processes for new hires and maintained related employee documentation.
- Prepared monthly attendance and leave reports and supported day-to-day leave administration.
- Supported payroll processes through updates relating to new hires, exits and salary changes.
- Managed employee HR queries through the HR ticketing system and supported timely resolution or escalation.
- Coordinated staff training and development programmes and maintained training records.
- Supported offboarding processes including clearance, exit documentation and employee records updates.
- Supported policy review, OSH compliance and workplace safety initiatives.

HR & Enumerator Program Support

WellAware & Hand in Hand East Africa, Kenya | NGO / Programme Experience

- Supported HR and administrative functions within programme environments while maintaining personnel records and documentation.
- Assisted in recruitment, onboarding and deployment of project and field staff.
- Maintained accurate personnel records and supported audit and compliance processes.
- Coordinated trainings, workshops and community engagement activities across field programmes.
- Provided logistical and administrative support for programme implementation and reporting.
- Supported data collection and field reporting using KoboToolbox.
- Tracked staff attendance, performance and engagement within programme activities.
- Facilitated communication between HR, programme teams and field staff to support smooth operations.
- Supported documentation and reporting for donor requirements and project evaluations.
