CAREER PROFILE SUMMARY

My career is built on hands-on experience in human resources, administrative support, and workforce coordination across multi-site and high-volume operational environments. I bring strong capability in HR records management, payroll support, employee engagement, compliance documentation, and administrative coordination, developed through roles at Pavicon Kenya Limited and the National Construction Authority where I supported employee records, improved attendance tracking accuracy, and contributed to efficient HR service delivery across regional offices. I have also strengthened data management and reporting skills through enumeration and digitization assignments, where I handled large-scale data collection, verified records, and ensured confidentiality and accuracy in sensitive information handling. I am confident in using HR systems, maintaining employee databases, and supporting performance and disciplinary processes while ensuring smooth day-to-day operations. I am particularly effective in improving process accuracy, strengthening employee relations, and supporting organizational efficiency through structured documentation and timely reporting.

EDUCATION AND PROFESSIONAL BACKGROUND

- **Bachelor of Commerce (Human Resource Management Option)** – Kenyatta University
- **Certificate in Computer Applications** – A.C.T College
- **Kenya Certificate of Secondary Education (KCSE)** – Githunguri Girls High School

KEY SKILLS AND COMPETENCIES ACQUIRED

- **HR Records Management** – Skilled in maintaining and updating employee files, ensuring accuracy, confidentiality, and proper HR documentation across departments.
- **Leave and Attendance Systems** – Experienced in tracking attendance, processing leave requests, and ensuring accurate workforce reporting for HR decision-making.
- **Payroll Input Support** – Familiar with payroll preparation processes, including data verification, staff updates, and coordination with payroll administration systems.
- **Employee Relations Support** – Capable of handling staff queries, supporting disciplinary processes, and promoting positive workplace communication.
- **HRIS and Data Management** – Familiar with HRIS tools and maintaining employee databases to support efficient HR operations and reporting.
- **Microsoft Office Suite (Word, Excel, PowerPoint)** – Proficient in preparing HR reports, data tracking sheets, presentations, and administrative documentation.
- **Administrative Coordination** – Strong ability to support office operations, scheduling, procurement tracking, and inter-departmental coordination.
- **Training and Engagement Coordination** – Able to organize staff training sessions, employee engagement activities, and support internal communication initiatives.

WORKING EXPERIENCE

HR & Admin Assistant – Pavicon Kenya Limited (June 2024 – Present)

Key contributions

- Strengthened attendance monitoring systems by maintaining accurate HR records across Kenya and Ethiopia branches, supporting reporting for more than two regional offices.
- Contributed to efficient payroll and benefits processing by supporting administration across various departments, enhancing data accuracy and workflow efficiency.

- Boosted employee engagement initiatives by coordinating training and staff engagement programs involving over 100 employees.
- Improved management reporting by compiling weekly and monthly HR and expense reports to support informed decision-making.
- Ensured high data integrity by maintaining up-to-date, accurate, and confidential employee records within the HR database.
- Enhanced employee relations by responding to staff inquiries and supporting disciplinary procedures and performance management processes.
- Supported recruitment and onboarding processes by scheduling interviews, coordinating candidate communication, and preparing onboarding documentation for new hires.
- Improved leave and attendance management by tracking employee leave balances, timesheets, and absenteeism records to ensure compliance and operational continuity.
- Strengthened policy compliance by supporting implementation of HR policies, workplace procedures, and labour law requirements across departments.
- Coordinated staff communication and administrative support by preparing official HR letters, internal memos, and employee correspondence.
- Assisted in performance management processes by tracking probation periods, confirmation timelines, and appraisal documentation.
- Supported employee welfare and workplace culture initiatives through coordination of staff meetings, wellness programs, and engagement activities.
- Improved HR documentation and filing systems by organizing personnel files and maintaining easy accessibility of employee records for audits and compliance reviews.
- Assisted in conflict and grievance resolution processes by coordinating disciplinary hearings, documenting proceedings, and maintaining confidentiality.

HR Intern – National Construction Authority (April 2023 – April 2024)

Key contributions

- Maintained employee records for over 200 staff files, improving HR documentation accuracy and retrieval efficiency.
- Supported onboarding documentation by drafting over 50 HR letters, including internship confirmations and memos.
- Improved training coordination by assisting in organizing multiple staff development sessions and logistics.
- Enhanced compliance documentation by updating HR checklists and internal policy records.
- Strengthened internal communication by managing staff inquiries and ensuring timely HR responses.
- Improved HR record accuracy by supporting continuous updating of personnel files and documentation systems.

Enumerator – Ministry of Public Service (June 2022 – July 2022)

Key contributions

- Collected structured household data from over 300 households, supporting national census accuracy.
- Ensured 100% confidentiality compliance in handling sensitive household information during data collection.
- Improved data accuracy by verifying responses during structured interviews in field operations.
- Strengthened field reporting by ensuring timely submission of completed survey tools.
- Supported national data collection efforts by participating in structured enumeration exercises.

Enumerator – Enterprise Content Management (ECM 360) (Nov 2021 – Mar 2022)

Key contributions

- Digitized and processed over 5,000 physical records, improving organizational data accessibility.
- Enhanced document retrieval efficiency by systematically numbering and indexing archived files.
- Improved workflow coordination by supporting file movement across multiple departments.
- Strengthened data accuracy by verifying records before digitization and system upload.
- Improved records management efficiency through structured filing and scanning processes.

Enumerator – Runji Consulting Group Ltd (October 2020)**Key contributions**

- Collected real-time traffic data along Kenol–Marua Road, supporting infrastructure planning studies.
- Recorded over 1,000 traffic observations during field surveys, improving data reliability for analysis.
- Strengthened reporting accuracy by ensuring timely submission of completed survey tools.
- Supported transport planning decisions by providing structured field data for road development projects.
- Improved field data consistency by adhering to standardized survey protocols.

Admin Assistant/Receptionist – Ryken Business Intelligence Company (April 2019 – July 2019)**Key contributions**

- Improved office efficiency by managing daily administrative operations and supporting multiple departments.
- Handled over 50 daily communications including calls, emails, and correspondence, improving response efficiency.
- Coordinated meetings, travel, and scheduling for management, improving operational planning flow.
- Supported procurement by tracking office supplies and liaising with vendors for timely delivery.
- Assisted HR functions by maintaining employee records, leave tracking, and staff documentation.

Cashier & Back Office Clerk – Skylaarmart Supermarket (May 2015 – April 2019)**Key contributions**

- Processed daily transactions and reconciliations with zero cash variance, ensuring financial accuracy.
- Managed inventory records for over 1,000 stock items, improving stock tracking and accountability.
- Improved customer service by resolving payment and transaction issues efficiently.
- Maintained accurate Goods Received Notes (GRNs) to support stock control and supplier accountability.
- Strengthened operational reporting by maintaining daily sales and inventory documentation.

TRAINING & WORKSHOPS

- **Managing Employee Separations** (Career Management Centre)- April 2025
- **First Aid & Fire safety-** (Safetynet) - February 2026
- **Disciplinary Process and employee separations** (iPerformance Africa) - June 2026
- **Payroll Management** (iPerformance Africa)-July 2026
