Human Resources Professional | AMIHRM

+254 700 616 350 • elijahwafula73@gmail.com • Nairobi, Kenya • [linkedin.com/in/elijah-wafula-0b7b42153](https://www.linkedin.com/in/elijah-wafula-0b7b42153)

PROFESSIONAL SUMMARY

Results-driven Human Resources Professional with 4+ years of progressive HR experience across healthcare and technology sectors. Proven expertise in building HR functions from the ground up — having independently designed and implemented HR policies, SOPs, payroll systems, employee contracts, medical cover procurement, and disciplinary frameworks for a fast-growing health facility. A strategic yet hands-on HR professional who thrives in dynamic, field-based environments and translates leadership intent into executable people systems. Associate Member of the Institute of Human Resource Management (AMIHRM), grounded in Kenyan labour law, and deeply committed to building workplaces where people and performance thrive.

| ▶ Talent Acquisition | ▶ Medical Cover Procurement | ▶ Employee Relations & Grievances |
| ▶ Performance Management | ▶ Casual Labour Management | ▶ Disciplinary Hearings & Processes |
| ▶ Contract Drafting & Addenda | ▶ HR Budgeting & Manpower Planning | ▶ Staff Sensitization & Training |

PROFESSIONAL EXPERIENCE

HR Officer

March 2025 – June 2026

St. Mary's Health Centre, Kiserian | Healthcare

Ran the entire HR department independently, serving as the sole HR professional for a busy health facility with 30+ staff.

Scope extended beyond typical HR operations to include full policy development, medical cover procurement, payroll administration, and workforce planning. Key contributions:

- Built and structured the organization's HR function — designed and implemented the HR Policy Manual, Standard Operating Procedures (SOPs), employment contract templates, salary advance forms, and staff onboarding documentation, bringing the institution into full Employment Act 2007 compliance.
- Managed end-to-end employee lifecycle for 30+ multi-cadre staff — recruitment, onboarding, probation management, performance appraisals, disciplinary hearings, and structured exit processes including final dues computation.
- Procured and implemented a Group Medical Insurance Cover for staff and their dependants — evaluated insurer proposals, negotiated premium rates, coordinated employee sensitization sessions, managed Smart Data enrollment for 32 staff members covering 102 lives, and drafted contract addenda governing cost-sharing and prohibited conduct.
- Administered full payroll inputs — salary changes, new joiner pro-rations, final dues for exited staff, salary advances, deductions, and statutory reporting (PAYE, NSSF, SHIF) — ensuring accurate and timely payroll processing each cycle.
- Conducted end-to-end recruitment for multiple roles — developed competency-based interview score sheets, question banks with expected answers and mark schemes, coordinated multi-panel interviews, and prepared formal offer letters and onboarding documentation.
- Drafted, reviewed, and updated HR policies, employment contracts, and addenda ensuring compliance with Kenyan labour laws, donor requirements, and sector-specific regulatory standards.
- Managed casual and temporary workforce administration — maintained accurate wage registers, verified attendance records against supervisory sign-offs, and processed payments without disputes.

- Developed HR budgets and staffing cost plans — prepared manpower schedules, headcount projections, and departmental HR cost inputs to support organizational planning.
- Coordinated staff leave management, CMEs, training sessions, and professional development initiatives aligned to departmental needs and organizational KPIs.
- Drafted and circulated all staff communications — holiday memos, salary review notices, medical cover briefings, onboarding checklists, and meeting minutes — maintaining a consistent, professional communication standard.
- Liaised with department heads, finance, and senior management to align HR activities with operational priorities, budget availability, and institutional objectives.

People Operations Assistant | Junior HRBP

January 2024 – January 2025

Samasource Kenya | AI Data Services & Technology

- Served as first point of contact for employee grievances across a 1000+ staff AI data annotation workforce — triaging routine concerns and escalating complex ER matters to the HRBP.
- Conducted workplace investigations into misconduct, harassment, and policy violations — preparing detailed investigation reports and coordinating disciplinary outcomes.
- Drafted HR correspondence across the employee lifecycle: warning letters, counselling records, confirmation letters, resignation acknowledgements, and ER session minutes.
- Supported leave administration and benefits queries — ensuring records were accurately maintained in Zoho HRMS and that staff received timely, accurate responses.
- Coordinated and documented employee relations meetings — scheduling, attendance confirmation, and formal recording of outcomes to ensure audit-ready documentation.
- Maintained comprehensive employee records and HR trackers, ensuring compliance with company policies and legal documentation standards.

HR Assistant | HR Intern

September 2022 – November 2023

Partners for Health & Development in Africa (NGO), Nairobi | International Development

- Assisted in drafting and reviewing employment contracts, offer letters, and onboarding documentation for donor-funded program staff.
- Supported monthly payroll preparation by verifying attendance records, timesheets, and leave balances for submission to finance.
- Coordinated logistics for staff training sessions and capacity-building workshops — ensuring smooth participant management and learning outcomes documentation.
- Maintained recruitment databases and candidate tracking records, ensuring data integrity across hiring cycles.
- Contributed to HR process improvement research, producing practical recommendations adopted into the organization's internal HR procedures.

HR Attaché

June 2021 – August 2021

Kisii Ministry of Labour & Social Protection Services, Kisii County

- Documented and tracked labour dispute cases, maintaining organized records for case reviews and arbitration proceedings.
- Supported preliminary investigations into reported workplace violations — gathering and organizing evidence for formal inquiries.
- Provided administrative support during arbitration meetings and contributed to the preparation of labour law awareness materials for public dissemination.
