WORK EXPERIENCE

Operations Lead – Digital Banking Choice Microfinance Bank Limited

Jul 2023 – Feb 2026

- Led end to end business operations across digital banking and BaaS services, coordinating transaction processing, reconciliations and customer support to ensure consistent service delivery and strong client satisfaction.
- Served as the primary escalation point for complex client issues, investigating and resolving operational and service challenges in collaboration with product, tech and customer facing teams.
- Built and maintained strong client and stakeholder relationships by providing timely communication and ensuring issues were resolved with minimal disruption to the client experience.
- Executed KYC/KYB verification and due diligence workflows for institutional onboarding, cutting verification processing time by 15% while achieving 100% regulatory compliance.
- Conducted AML/CFT/CPF monitoring and transaction surveillance, identifying suspicious activity and escalating cases in line with regulatory requirements and internal compliance frameworks.
- Developed and maintained SOPs and standardised workflows, onboarded and mentored team members and drove continuous process improvements that boosted efficiency and service quality.
- Monitored SLAs, TATs and KPIs across digital banking transactions, refining escalation steps to cut resolution times by 20% and maintain a 98%+ SLA compliance rate
- Compiled and presented operational and performance reports to senior management, supporting data driven decisions, audit readiness and governance compliance.

Independent Contractor – Business Intelligence & AI Data Operations CloudFactory Kenya Limited

Mar 2020 – Jun 2023

- Managed delivery of business intelligence and AI data operations for global technology clients, consistently meeting quality standards and project deadlines in a fast paced remote environment.

- Coordinated structured workflows and maintained clear client facing documentation to ensure consistent output quality and smooth project execution.
- Executed continuous data validation, quality assurance and cleansing across high volume datasets maintaining a consistent 98%+ accuracy rating on client facing deliverables.
- Collaborated with globally distributed teams, applying SOPs and analytical skills to deliver scalable, high quality results.

Claims Operations Assistant

Dec 2018 – Oct 2019

Sanlam General Insurance Company Limited

- Managed the end to end claims lifecycle from registration and documentation through to assessment and settlement, ensuring timely resolution and a positive client experience at every stage.
- Served as the primary point of contact for policyholders throughout the claims process, delivering clear updates and resolving inquiries to maintain trust and ensure a seamless customer experience.
- Coordinated with assessors, garages and internal stakeholders to facilitate accurate claim assessments and efficient resolution.
- Maintained accurate records and supported operational improvements that strengthened efficiency and service delivery.

Administrative Support

Jan 2015 – Jun 2016

Alchis International

- Provided comprehensive administrative and operational support including scheduling, correspondence, records management and day to day office coordination.
- Supported project coordination by preparing reports, maintaining documentation and facilitating communication across internal teams and external stakeholders.
- Maintained accurate filing systems and business documentation to improve operational efficiency and support organisational compliance.
