PROFESSIONAL EXPERIENCE

EAST AFRICAN COMMUNITY SECRETARIAT – Arusha, Tanzania

Systems Administrator – HR Operations & HRIS | Feb 2016 – Sep 2025

Provided HR operations and employee-support services covering the employee lifecycle, onboarding, employee records, payroll, leave, performance management, reporting, training and HR systems administration.

Key Responsibilities were:

- Coordinated and supported employee lifecycle processes, including recruitment, onboarding, employee support, performance management and separation.
- Supported onboarding activities by ensuring employees received the required information, systems access and guidance to effectively begin their roles.
- Trained and supported managers and employees on HR systems, processes, policies and related procedures.
- Served as a key point of contact for employees and managers requiring assistance with HR systems, employee records, payroll-related information, leave, performance and other operational issues.
- Investigated user queries and operational problems, identified root causes and coordinated appropriate resolutions with HR, ICT teams and external service providers.
- Maintained strong working relationships with employees, managers, HR teams, ICT teams and external vendors to ensure effective service delivery.
- Supported performance management processes by maintaining performance information and providing reports and system support to managers and employees.
- Reviewed employee and payroll information to identify discrepancies, investigate issues and support timely resolution of payroll-related queries.
- Prepared HR reports, workforce reports, dashboards and management information to support operational decision-making.
- Analyzed employee, payroll, leave and workforce data to identify trends, data gaps and opportunities for operational improvement.
- Developed and improved HR workflows, reports and routine processes to increase efficiency and reduce manual administrative work.

- Prepared SOPs, user manuals and process documentation to ensure consistent application of HR procedures.
- Conducted user training and provided ongoing support to promote effective adoption of HR systems and processes.
- Gathered user feedback and worked with relevant teams to identify system and process gaps and implement practical improvements.
- Supported HR system implementations, upgrades and enhancements, including user acceptance testing and user feedback.
- Maintained high standards of data accuracy, confidentiality, integrity and compliance when handling employee information.
- Worked collaboratively with cross-functional teams to resolve service gaps and ensure continuity of HR operations.
- Supported compliance with organizational policies and procedures through accurate records, process controls and user guidance.

Key Achievements:

- Successfully supported implementation and administration of multiple enterprise platforms covering HRIS, payroll, recruitment, leave and performance management.
- Strengthened payroll accuracy through improved validation, reconciliation and data-quality controls.
- Improved operational efficiency through automation of reports, workflows and routine administrative processes.
- Enhanced management decision-making through automated reports, dashboards and workforce analytics.
- Improved user adoption of HR technology through structured training, documentation and ongoing support.
- Contributed to continuous improvement by identifying process gaps and translating user needs into practical operational and technology solutions.

Arusha Mental Health Trust- Arusha – Tanzania Volunteer Counsellor | March 2016 - Sep 2020

Responsibilities were:

- Provided individual and group counselling and emotional support to clients and families.
- Built trusting relationships with individuals from diverse backgrounds through empathetic and respectful communication.
- Supported individuals experiencing personal and interpersonal challenges through active listening, guidance and appropriate referrals.
- Participated in community education and support programmes aimed at improving awareness and wellbeing.
- Conducted presentations and workshops for organizations, institutions, universities and school-aged children.
- Worked collaboratively with families, community groups and other stakeholders to deliver support and educational programmes.
- Collected and maintained relevant client and programme information while observing appropriate confidentiality standards.

- Developed strong conflict-resolution, interpersonal communication, empathy and emotional-intelligence skills through direct engagement with clients, families and community stakeholders.

RAM Hospital Rehabilitation Centre- Kisii County- Kenya

Asst. Program Manager / Substance Counsellor | Jan, 2013 - Feb, 2016

Responsibilities were:

- Supported the management and day-to-day administration of the rehabilitation programme.
- Provided counselling, guidance and support to individuals, families and groups.
- Built positive relationships with clients and families and supported them through challenging situations.
- Applied active listening, empathy and conflict-resolution skills when handling sensitive client concerns.
- Coordinated community education and support activities.
- Liaised with community agencies and other stakeholders to support programme delivery.
- Coordinated treatment referrals and follow-up support.
- Maintained accurate programme information and supported effective administration and reporting.
- Participated in initiatives designed to improve client engagement, support and programme outcomes.
