PROFESSIONAL SUMMARY

Versatile Human Resources, Talent Acquisition, and Customer-Facing professional with 3+ years of experience spanning full-cycle recruitment, HR operations, sales, customer service, team leadership, and training/coaching within BPO and service-industry environments. Proven, quantifiable track record in candidate sourcing and pipeline building, high-volume performance-based sales, caregiver and workforce scheduling, team coaching, and HR compliance. Recognized for building and deploying an AI-assisted recruitment automation system that fully replaced a legacy HR platform — reflecting a forward-thinking, technology-driven approach increasingly valued as AI reshapes HR and recruitment operations. Skilled across CRM, ATS, and workforce management systems, with strong cross-functional collaboration and consistent performance in KPI- and SLA-driven environments.

CORE SKILLS

Human Resources & Talent Acquisition: Full-Cycle Recruitment, Talent Sourcing, Pipeline Building, Candidate Screening & Assessment, Interview Coordination, Structured Onboarding, HR Compliance, Background & Reference Screening, HR Process Automation, Employee Records & Documentation Management

Sales & Customer Service: Inbound & Outbound Sales, Customer Needs Assessment, Conversion Rate Optimization, Product & Service Demonstration, Objection Handling, Client Relationship Management, Hospitality & Travel Booking Support, First-Contact Resolution

Leadership, Workforce Management & Training: Team Leadership, Coaching & Mentoring, Performance Management, Learning & Development Support, Training Coordination, KPI & SLA Management, Attendance Tracking, Coverage & Staffing Gap Resolution, Schedule Adherence Monitoring, Conflict Resolution & Mitigation

Compliance & Regulatory: Working knowledge of Kenya's Employment Act (2007) as applied to documentation, onboarding, and disciplinary processes; employment eligibility verification (E-Verify); background screening (MVR, EDL, SOR, OIG)

Systems & Tools (CRM / ATS / LMS): BambooHR, WellSky, Genesys, Kustomer, Playvox, Freshdesk, Relias LMS, LinkedIn Recruiter, Boolean Search, Microsoft Office Suite, Google Workspace

PROFESSIONAL EXPERIENCE

Executive Partner | HR Generalist

Feb 2026 – Present

Athena — supporting Avant Supported Living

- Own the complete, end-to-end recruitment lifecycle — including talent sourcing, resume screening, structured interview coordination, candidate communication, offer management, and onboarding — using BambooHR as the organization's applicant tracking and HR information system.
- Conceived, designed, and independently built "HR Reimagined," a proprietary AI-assisted recruitment automation system that performs resume parsing and initial candidate screening with structured human oversight; the tool performed to a standard that fully replaced the organization's existing BambooHR-based workflow configuration, directly illustrating the kind of AI-forward process innovation that is increasingly expected of modern HR and recruitment professionals as artificial intelligence reshapes talent acquisition.
- Conduct comprehensive employment background checks and compliance verification, including criminal background checks, Motor Vehicle Records (MVR), EDL verification, Sex Offender Registry (SOR) checks, OIG exclusion checks, and E-Verify employment eligibility verification, ensuring every hire meets regulatory and organizational standards.
- Assign, track, and monitor employee training through the Relias Learning Management System, directly supporting Learning & Development outcomes and ensuring consistent regulatory and organizational compliance across the workforce.
- Maintain accurate, audit-ready HR records, recruitment metrics, and employee documentation, applying strict confidentiality standards and working knowledge of Kenya's Employment Act (2007) in the handling of documentation, onboarding, and disciplinary matters.
- Serve as the central point of contact between executive leadership, clients, and internal teams, managing escalations and sensitive matters with discretion, and proactively identifying and resolving workflow inefficiencies to strengthen operational continuity.

- Provide high-level executive support, including inbox and multi-time-zone calendar management, stakeholder communication, and day-to-day operational coordination for the Principal.

Scheduler — Talent Coordination & Workforce Management

Sep 2025 – Jan 2026

Solvo Global / Oasis Outsourcing — Right at Home Tri-County Metro Detroit

- Managed end-to-end caregiver recruitment for a U.S.-based client using WellSky as the primary scheduling and workforce management CRM, covering candidate sourcing, resume screening, structured interviews, and final selection.
- Conducted detailed candidate assessments evaluating qualifications, availability, reliability, and organizational fit against specific client requirements, personally guiding 30–45 candidates through the complete recruitment pipeline from first contact to confirmed placement.
- Coordinated full onboarding for newly hired caregivers, ensuring timely completion of employment documentation, compliance requirements, and system access setup prior to start date.
- Owned day-to-day workforce scheduling across multiple shifts, caregivers, and client locations — tracking attendance, monitoring schedule adherence, proactively resolving coverage and staffing gaps, and reallocating resources in real time to maintain uninterrupted client service.
- Acted as the primary point of contact between caregivers, clients, and internal operations teams, resolving scheduling conflicts and service concerns through clear, solutions-focused communication and practical conflict resolution.

Sales & Customer Service Agent

Jan 2025 – Aug 2025

Call Center International (CCI) — Travel Pass Group (Hospitality) and World of Books, eBay & Amazon Marketplaces

- Handled high-volume inbound and outbound sales calls for Travel Pass Group, a hospitality and travel-booking account serving both the local Kenyan market and the international U.S. market, using Genesys as the primary CRM and call-handling platform.
- Presented detailed hotel specifications, room categories, and booking options sourced through partnerships with platforms including Booking.com and major international hotel chains such as JW Marriott and Hyatt Regency, converting customer inquiries into confirmed hospitality reservations.
- Operated within a strictly performance-based, conversion-rate-driven sales environment, consistently tracking calls made against confirmed sales to meet and exceed individual performance targets.
- Delivered high-quality, first-contact resolution customer service across order tracking, returns processing, and platform troubleshooting for World of Books, eBay, and Amazon Marketplaces, maintaining strong customer satisfaction across multiple concurrent accounts.
- Guided customers through detailed, multi-step service processes — including book resale evaluation, dispute resolution, and shipping coordination — using clear, professional, and empathetic communication.

Team Leader (Group Leader) — Sales, Engagement & Training

Aug 2023 – Dec 2024

Call Center International (CCI), Glovo Campaign (Riders LOB) — Divilo Cashless Payment Pilot Program

- Selected as Group Leader for the Divilo Cashless Payment Pilot Program based on consistently exemplary individual KPI performance, entrusted with leading rider acquisition, engagement, and adoption initiatives across the Spanish market.
- Led hands-on team coaching and informal Learning & Development support, training team members on an entirely new process and payment platform under real performance pressure, and driving the initiative to an 80% successful adoption and rollout rate.
- Sourced, engaged, screened, and onboarded riders onto the Divilo platform through targeted outbound outreach and consultative, relationship-driven sales conversations, functioning as both team leader and top individual performer.
- Applied practical conflict resolution and objection-handling techniques to address rider hesitation and resistance to a new, unfamiliar system, converting skepticism into sustained platform adoption.
- Strengthened stakeholder trust and measurable adoption growth through persuasive, culturally adaptive communication, supported by foundational Spanish language proficiency.

Administrative & Scheduling Assistant

May 2023 – Aug 2023

Rhodes Chest Clinic

- Managed patient bookings and schedule adjustments using WellSky, reducing scheduling conflicts and no-shows through automated reminders and structured reporting tools.
- Supported front-desk operations and maintained accurate, organized patient records while ensuring clear, professional communication with patients and clinical staff.

Industrial Attachment — News Desk Reporter

Jul 2022 – Sep 2022

Kenya Broadcasting Corporation (KBC)

- Covered local and international news stories under tight editorial deadlines, and supported newsroom scheduling and social media coordination.

EDUCATION

Bachelor of Arts in Communication and Media Technology (Broadcast Journalism & Public Relations) — Maseno University, 2019–2023, 2nd Class Honors
