PROFILE

HR professional with 9+ years of progressively responsible experience in human resources management, employee and labour relations, and regulatory compliance across multi-jurisdiction and remote-first organizations in EMEA and East Africa. I advise managers and staff on the interpretation and application of HR policies, staff rules, and statutory requirements; handle sensitive grievances, leave, accommodation, and disciplinary-adjacent matters with strict confidentiality; and develop, revise, and communicate HR policies and employee handbooks aligned to local employment law. I have supervised and mentored HR teams, led policy and process reform projects across multiple locations, and maintained a 100% compliance record across labour, payroll, and statutory audits. Currently completing an MBA (University of East London, 2026), and hold CHRP (Kenya) certification and full IHRM membership.
