RISPER GAKII

Human Resource Assistant

PROFESSIONAL SUMMARY

Driving excellence in Human Resource support, with strong hands-on experience in HR operations. Proven ability to support recruitment and selection processes, payroll preparation using Excel-based systems, employee induction and onboarding, records management, and staff coordination in fast-paced environments. Highly skilled in maintaining accurate, confidential employee data while ensuring compliance with HR policies and organizational standards. Demonstrates strong organizational, communication, and interpersonal abilities that foster effective collaboration across teams and enhance employee engagement. Applies leadership, teamwork, and ethical decision-making competencies gained through the Leadership for Change (LFC) program at the Co-operative University of Kenya (2025). Detail-oriented, proactive, and highly dependable with a strong focus on efficiency, service excellence, and continuous improvement. Committed to strengthening HR systems, supporting employee relations, and contributing to organizational growth through well-structured human resource practices in dynamic professional environments.

SKILLS

- **Human Resource Administration:** Proficient in supporting HR operations including onboarding, documentation, employee relations, and day-to-day HR administrative functions.
- **Recruitment & Selection Support:** Experienced in assisting end-to-end recruitment processes including job posting, candidate screening, interview coordination, and selection support.
- **Payroll Preparation (Excel-Based):** Skilled in supporting payroll processing through accurate data entry, attendance tracking, and preparation of payroll input using Excel systems.
- **Employee Records & Confidentiality Management:** Competent in maintaining, updating, and securing employee records while ensuring strict confidentiality and compliance with data protection standards.
- **Office Administration:** Strong ability to support general office operations including filing, documentation, correspondence management, and workflow coordination.
