PROFESSIONAL EXPERIENCE

HR Intern | Medtronic Africa (Pty) Ltd

November 2025 - Present | Midrand, Gauteng, South Africa

- Coordinated the administration of internship and YES4Youth programmes across multiple departments, managing attendance monitoring, logbook submissions, developmental activities, learning module completion, and programme compliance requirements.
- Consolidated and reviewed monthly intern logbooks, attendance registers, programme participation records, and developmental feedback to support programme oversight and management reporting.
- Maintained internship compliance trackers and monitored outstanding submissions to ensure timely completion of programme requirements.
- Maintained organised internship records and supporting documentation, ensuring accurate filing, accessibility, and compliance with programme administration requirements.
- Conducted candidate screening and application reviews against role requirements to support internship recruitment activities and candidate selection processes.
- Supported recruitment administration processes through candidate communication, recruitment tracking, documentation management, and follow-up engagement with candidates regarding interview attendance and recruitment-related matters.
- Developed job descriptions by analysing role responsibilities, reporting lines, qualifications, experience requirements, and business requirements to support recruitment and workforce planning activities.
- Collaborated with hiring stakeholders to ensure role accurately reflected operational requirements and organisational expectations.
- Participated in Employment Equity Committee meetings and Employment Equity learning initiatives, gaining exposure to workforce transformation objectives, compliance requirements, and representation considerations.
- Assisted with communication and administrative activities supporting Employment Equity discussions and related initiatives.
- Coordinated BBBEE documentation activities by maintaining evidence trackers, validating supporting records, monitoring outstanding submissions, and supporting verification readiness activities.
- Managed BBBEE supporting documentation in accordance with verification evidence requirements, applying standardised naming conventions and document control practices to support audit readiness.
- Supported Top Employer Certification activities for both South Africa and Egypt through evidence gathering, documentation reviews, and certification readiness activities.
- Conducted evidence-matching exercises against Top Employer requirements and assisted with stakeholder engagement and supporting documentation reviews.

- Created and updated organisational charts for leadership teams and active employees by consolidating workforce data, validating reporting structures, and ensuring organisational information remained accurate and up to date.
- Attended CCMA proceedings and gained practical exposure to labour relations processes, dispute-resolution mechanisms, workplace legislation, and employee relations practices.
- Facilitated employee information sessions with external service providers, supporting communication relating to employee benefits and wellness initiatives.
- Collaborated with HR and payroll stakeholders during payroll input review processes, providing employee movement information relating to appointments, terminations, promotions, transfers, and organisational changes to support accurate payroll administration and reporting.
- Led the development of the Medtronic Internship Success Framework aimed at improving intern development, mentorship effectiveness, accountability, workplace exposure, programme consistency, and learning outcomes across participating departments.

KEY HR PROJECTS

Medtronic Internship Success Framework (Project Lead)

- Led the development of a comprehensive Internship Success Framework aimed at enhancing intern development, programme consistency, mentorship effectiveness, accountability, and workplace exposure across participating departments.
- Conducted an in-depth review of intern logbooks, developmental activities, and departmental exposure requirements to identify gaps and establish structured learning outcomes aligned to business needs.
- Developed practical recommendations and department-specific development guidelines to strengthen onboarding, progress monitoring, performance discussions, mentorship, and overall programme effectiveness.
