Learning, Development & Job Evaluation

- Coordinate the end-to-end training cycle, from training needs identification and scheduling to logistics, attendance tracking and post-training evaluation.
- Ensure all staff trainings are registered, submitted and processed through the National Industrial Training Authority (NITA), confirming that training providers, courses and participants meet NITA accreditation requirements.
- Follow up on NITA training levy reimbursement claims — compiling and submitting supporting documentation, tracking claims to conclusion and liaising with NITA to ensure timely recovery of funds, thereby reducing the organization's overall training costs.
- Participate in job evaluation exercises, supporting job analysis, review and updating of job descriptions, and the grading/ranking of roles to ensure internal equity, fair pay structures and consistency across the organization.

Recruitment & Onboarding

- Post and place job advertisements in the system for various roles across branches.
- Conduct pre-screening, shortlisting and interview coordination, maintaining objectivity, fairness and impartiality throughout the selection process.
- Carry out thorough background and reference checks to safeguard the credibility and integrity of new hires.
- Provide timely feedback to both successful and unsuccessful candidates, enhancing corporate image and mitigating reputational risk.
- Prepare starter packs for new employees and exit packs for departing staff, ensuring a smooth onboarding and off boarding experience.

Benefits & Employee Welfare

- Accurately enroll all new employees and process exits for medical cover, Group Life and WIBA, handling all follow-ups and resolving employee queries.
- Liaise with medical, GL and WIBA providers to ensure timely coordination, accurate records and full compliance.
- Support the administration of employee welfare benefits, including newborn and bereavement benefits.
- Maintain accurate benefits records and ensure all eligible employees are enrolled in their entitled packages promptly and correctly.

HRIS, Payroll & Reporting

- Capture all new hires, exits and employee changes in the HRIS, ensuring data integrity and that all employee documents remain up to date.
- Support payroll administration through accurate data entry and verification of employee records.
- Prepare monthly and quarterly management reports, including new hires, exits, head count and employee leave balance reports.

Performance Management & Employee Relations

- Coordinate probation reviews, performance appraisals and the signing of KPIs, following up with line managers to ensure timely completion.
- Take minutes during disciplinary hearings and maintain confidential documentation.
- Coordinate employee exit interviews and consolidate feedback to inform retention initiatives.
- Support the review, updating and communication of HR policies and procedures.

Statutory Compliance & Administration
