EXPERIENCE IN HUMAN RESOURCES

1st December 2024 - Date

People Partner – Flawless HR (Kenya)

As Independent consultant at Flawless HR, I work closely with a diverse group of medium sized companies and non-profits organization on their most critical human resourcing needs to deliver on their mission. I bring in expertise in the following areas:

- Employee lifecycle management: talent recruitment, selection & offboarding
- Skills and capabilities development
- HR policy development & implementation
- Labour laws compliance audits and training
- Human Resources Information Systems (HRIS): deployment and utilization
- Compensation and benefits: policy development and benchmarks surveys

1st October – 30th November 2024

Human Resource Executive: MFI Group Ltd

My job centers on recruiting employees, handling payroll operations, and overseeing employee relations

Responsibilities

- Managing recruitment processes; shortlisting, interviewing and background checks
- Maintaining employee records and updating HRIS databases
- Managing employee benefits and compensation packages
- Conducting performance evaluations and providing feedback to employees
- Addressing employee relations issues and resolving conflicts
- Ensuring compliance with labor laws and regulations
- Preparing and presenting HR-related reports to management
- Managing employee separation processes

4th January - 28th June 2024

Human Resources Coordinator: Focused HR Solutions

Consultancy.

I was a principal assistant to HR Director supporting 15 companies who formed our clientele base. The role involved identification of staffing needs, developing effective recruitment plans, compensation, benefits policies, training and development programs, advisory on labour laws and conducting employee engagement session on HR topics.

Responsibilities

1. Recruitment and selection: role adverts, shortlisting, interviewing and selection.
2. Background checks: background checks for potential new employees.
3. Employee on boarding and off boarding
4. HR operation manual: developed employee manuals that guide employees at work.
5. Creation of job descriptions and role profiles: creating Job descriptions for different roles
6. Payroll management: managing statutory deductions and salaries release
7. Disciplinary hearings and determination; warning letters and termination letters
8. HR records maintenance: Employee data updates into the HR Information system.

Achievements

- Designed and developed employee competency matrix for major clients (ATS and Elkeiyo Dairies) resulting significant productivity improvement by matching capabilities into right roles.
- Reviewed and re-designed role profiles and job descriptions aligned based on competency matrix for major clients (Galaxy Plastics, ATS, Elkeiyo, Sueng and Sunflip). The impact was delivery of set KPI and targets by employees.

3rd April – 3rd July 2023:

Human Resources Officer: The Gertrude's Children Hospital Muthaiga - KENYA

I was the principal assistant to the Human Resources Manager and supported all the HR processes and administration at the Getrudes Children Hospital.

Responsibilities

1. Support new HRMI new system roll out: updating employee data to the HR Information System.
2. Co-ordination of HR trainings and functions: helping departmental and unit heads with scheduling training programs for staff and development study program.
3. Creating new staff induction packs and conducting employee induction: ensuring induction packs are ready and for new employees.
4. Receiving and processing interns for different departments: processing interns, inducting them on hospital policies and introducing them to the various departments.
5. Facilitation of staff verification all new hires – doing background checks for new employees.
6. Conducting interviews: Support in interview process and documentation
7. Attending disciplinary hearings: Conduct hearings and documenting the process to conclusion.
8. Administrative Support: Receiving HR-related calls and requests and briefing HR Manager for actions. Data entry and update of staff data e.g. vaccination update, licensing records update.
9. Doing reference and background checks: for prospective new employees.
10. Undertaking HR records Audit: ensuring all employee data is correct and transitioning employees to the new system and allocating them new employee identification numbers.

Achievements

- Human Resource Information System (HRIS) rolled out at Getrudes Children Hospital. Improved efficiency by digitization of all HR processes, from performance appraisals, recruitment and selection, employee onboarding, payroll and leave management.

April 2014 – December 2023

Independent Human Resource Consultant & Counsellor

Offering HR Services and counselling to SMEs in Kenya.

Key deliverables to clients

1. **Workplace Counselling:** Offering support for stress management, work-life balance, and conflict resolution.
2. **Employee Relations:** Acting as an independent party to investigate grievances, conduct hearings, and manage difficult conversations.
3. **Trauma-Informed Support:** Providing specialized HR support for handling workplace incidents, transitions, and critical, high-stress moments and referrals to specialist psychologists and clinical psychologists.
