Health Records and Information Technology professional

PROFESSIONAL SUMMARY

Health Records and Information Technology professional with hands-on experience in patient records management, filing systems, and health information services within public healthcare facilities. Skilled in managing both manual and electronic health records, ensuring accuracy, confidentiality, and timely retrieval of patient information in compliance with healthcare standards. Competent in hospital and laboratory information systems, data analytics using Excel and SQL, and supporting clinical and administrative workflows through effective records organization. Experienced in research and field attachments across multiple hospitals, with exposure to challenges affecting records filing and information flow. A detail-oriented and reliable professional with strong communication and teamwork skills, committed to improving efficiency, data quality, and service delivery in healthcare settings.

KEY SKILLS

Electronic Health Records (EHRs) | Patient Records Filing | Health Information Systems | Hospital Information Systems | Laboratory Information Systems | Medical Records Management | Data Analytics | Microsoft Excel | SQL | Data Entry | Records Indexing | Confidentiality & Data Protection | Report Writing | Research Data Collection | Health Records Retrieval | Filing Systems Management

Career Strengths

- **Analytical Thinking & Problem-Solving:** Identifies challenges in patient records management, filing systems, and information flow to implement effective and practical solutions.
- **Communication Skills:** Communicates clearly with healthcare staff, supervisors, and team members to support accurate records handling and service delivery.
- **Time Management & Organization:** Manages multiple records, filing tasks, and reporting responsibilities efficiently to meet operational deadlines.
- **Adaptability & Flexibility:** Adjusts effectively to changing hospital environments, workload demands, and procedural requirements.
- **Attention to Detail & Accuracy:** Ensures precise data entry, correct filing, and reliable retrieval of patient records while maintaining confidentiality.
- **Team Collaboration:** Works collaboratively with records officers, clinicians, and administrative teams to support efficient healthcare operations.

PROFESSIONAL EXPERIENCE

Health Records Officer | November 2023

Othaya Sub-County Hospital

Key Contributions

- Improved patient file accessibility by systematically arranging and organizing medical records.
- Enhanced accuracy of patient information by correctly capturing and updating records during intake and follow-up visits.
- Supported efficient service delivery by ensuring timely availability of patient files to clinical departments.
- Reduced file misplacement by adhering to standardized filing and records management procedures.

Health Records Officer | September 2022

Mbagathi Hospital

Key Contributions

- Streamlined records retrieval by arranging and maintaining orderly patient filing systems.
- Improved data reliability by accurately recording patient details and visit information.
- Supported hospital operations by ensuring files were properly prepared and available for care provision.
- Strengthened confidentiality compliance by handling patient records in line with data protection standards.

RESEARCH EXPERIENCE

Research Study

Ruiru Sub-County Hospital | April – May 2024

Skills Gained: Data Collection | Data Validation | Records Review | Workflow Observation | Research Documentation | Ethical Handling of Patient Information

Research Dissertation

Challenges Facing Filing of Patient Records in Ruiru Sub-County Hospital

Ruiru Sub-County Hospital | March – May 2024

Skills Gained: Research Design | Research Methodology | Problem Analysis | Questionnaire Administration | Interview Techniques | Data Analysis | Academic Writing

Research Attachment / Field Research

Othaya Sub-County Hospital | September – December 2023

Skills Gained: Patient Records Filing | Records Retrieval | Data Accuracy Verification | Health Records Organization | Confidentiality Compliance | Team Collaboration

Research Attachment / Field Research

Ruiru Sub-County Hospital | February – May 2022

Skills Gained: Manual Records Management | Patient Data Entry | Filing System Maintenance | Records Indexing | Hospital Procedures Compliance

Research Attachment / Field Research

Mbagathi Hospital | September – December 2021

Skills Gained: Research Data Collection | Health Information Documentation | Records Sorting | Data Entry Support | Professional Ethics

EDUCATION

Diploma in Health Records and Information Technology | September 2022 – January 2025

Murang'a Campus

Certificate in Health Records | January 2021 – June 2022

Othaya Campus

Kenya Certificate of Secondary Education (KCSE) | January 2019 – December 2019

Ikumbi Secondary School
