Marketing Coordination | Customer Service | Operations | Administrative Support
Nairobi, Kenya | +254 759 979 222 | soniaviolet4@gmail.com | linkedin.com/in/violet-akoth-69483a380

PROFESSIONAL SUMMARY

Customer-facing professional with over two years' experience across social media marketing, sales support, customer service, order fulfilment and office administration in fitness retail, food manufacturing and a national port authority. Grew Instagram followers by 40% through bi-weekly campaigns and Canva and Photoshop content, handles up to 50 customer interactions a day by phone and online, and keeps orders, deliveries, appointments and records moving across teams, couriers and vendors. A Sociology graduate who understands what drives customer decisions, bringing that insight to marketing coordination, client experience, operations and administrative roles.

KEY SKILLS

Customer Experience: Inquiry handling, complaint resolution, after-sales support, follow-up and retention, customer relationship management

Marketing & Sales Support: Instagram marketing, social media campaigns, content creation, engagement tracking, referral programmes, product demonstrations, needs-based selling

Operations & Logistics: Order processing, delivery and courier coordination, stock taking, vendor coordination and onboarding

Administration: Appointment and diary management, meeting coordination, records and document management, recruitment and onboarding support

Tools: Microsoft 365, Google Workspace, Canva, Adobe Photoshop

PROFESSIONAL EXPERIENCE

Customer Service Representative — Inda Fitness Company

Kenya | Sep 2025 – Sep 2026

- First point of contact for up to 50 customers daily by phone and online, responding to social media enquiries and advising on gym equipment pricing, delivery coverage and after-sales services.
- Planned and ran bi-weekly social media campaigns to drive engagement and build a fitness community around the brand, creating and reviewing posts and visuals in Canva and Adobe Photoshop.
- Grew Instagram followers by 40%, tracking post engagement to see what resonated with customers and shape future content.
- Created a referral discount code that brought in an average of 6 new clients per month.
- Used needs-based selling, assessing fitness goals, budget and available space, to recommend equipment; guided one customer to a three-piece setup that earned positive feedback at the three-month follow-up.
- Delivered live product demonstrations (e.g. treadmills) while handling concurrent pricing and service requests, ensuring every customer received timely attention.
- Tracked customer orders and called clients with updates; coordinated after-sales support by arranging transport, connecting customers with technicians, and following up on equipment performance and satisfaction.
- Recovered a delayed treadmill delivery to Mombasa by securing space on the next courier vehicle, then confirmed receipt with the customer the following day.

Operations Coordinator — Devta Millers

Siaya, Kenya | May 2024 – May 2025

- Processed up to 50 customer orders on peak days, keeping purchase records accurate and conducting regular stock taking.
- Monitored raw material and finished goods inventory, reducing raw material shortages by 30% and supporting 95% on-time delivery performance.
- Worked with the operations and marketing teams to resolve customer order issues, contributing to a 15% improvement in on-time deliveries.
- Coordinated communication between vendors, customers and internal departments, aligning dispatch with milling schedules and delivery timelines.
- Scheduled drivers' delivery times and locations and informed customers in advance; arranged alternative drivers to resolve delays.
- Served as point of contact for about 30 customers and 20 employees, handling inquiries and routing requests to the right people.
- Managed the manager's appointments with clients, customers and vendors, communicating times and changes ahead of schedule.

- Organised weekly cross-departmental staff meetings, contributing to a 10% improvement in production target achievement and a 25% increase in staff awareness of safety practices; also coordinated monthly meetings for attachés.
- Maintained hard-copy and digital records for quality audits and compliance checks, including tracking aflatoxin levels in maize for food safety verification.
- Ran weekly checks to ensure plant staff followed PPE and workplace safety standards.

Human Resources Intern — Kenya Ports Authority

Nairobi, Kenya | May 2023 – Jul 2023

- Screened 50+ CVs monthly and conducted initial phone interviews within 48 hours of application, keeping candidates updated on their status.
- Supported induction for about 10 new hires and helped develop an onboarding SOP covering safety standards, professional conduct and KYC documentation.
- Onboarded about 15 new vendors into the system, ensuring accurate registration.
- Provided front-desk HR support, resolving an average of 20+ employee and new-hire inquiries per week.
- Liaised between HR, management, staff and the Billing, Yard and IT departments, addressing employee concerns within an average of 72 hours.
- Maintained confidential records including performance reviews, promotions and salary documentation.
