Hiring Manager

Crossover

Re: Application for Office Administrator Position

Dear Hiring Manager,

I am writing to apply for the Office Administrator position at Crossover. With more than ten years of experience in office administration, purchasing, customer service, and telesales, I bring strong organizational skills, sound cost control, and a dependable work ethic to every role I hold.

I currently work as Customer Service In-Charge and Telesales and Purchase Admin at Sat Sky Dream Technical Services LLC in Dubai. Before that, I spent nearly five years as Sales and Purchasing Admin at Royalway Group, where I handled purchase orders, supplier coordination, vendor communication, and record keeping. I also have earlier experience as a Tele Sales Agent at Ajman Markets Co-operative Society and as a Telephone Operator and Receptionist at Al-Manama Group, which built my client communication and front-office skills.

My key strengths for this role include:

- Office administration, document management, and accurate data entry
- Purchasing and procurement, including purchase orders and supplier follow-up
- Advanced Microsoft Excel skills for tracking, reporting, and budgeting
- Budget management and cost control across manufacturing, retail, and sales environments
- Customer service, telesales, and professional communication in English, Urdu, and Hindi
- Multitasking, time management, and working well both in teams and independently

I hold a Master of Arts and a Bachelor of Arts from the University of the Punjab, and I am comfortable using a range of purchasing and office software. Colleagues and supervisors know me as reliable, organized, and always ready to help wherever the business needs support.

Thank you for considering my application. I would welcome the opportunity to discuss how my experience can support Crossover and its team. I look forward to hearing from you.

Sincerely,

Shumaila Perveen
