Dear hiring team,

RE: HUMAN RESOURCE ASSISTANT.

I am writing to express my interest in the Human Resource Assistant position in your organization. With a strong background in administrative support and passion in Hr practices.

In my previous role, I supported network of quality teaching and learning as Executive Admin Assistant where basically I schedule appointments and events booking, taking meeting minutes and recording attendance, arrange travel for visitors across EA, assist in preparing materials for simulation sessions, collaborate with the technical team to ensure equipment functionality and support set up, breakdown and clearing of spaces and equipment

Additionally, I supported Human Resources, where I have developed a keen understanding of the importance of efficiency and organization in HR functions. In consultation with the Manager, assist with the longlisting process. Assisting with the recruitment process by scheduling and preparing paperwork for shortlisted candidates. Offer support in optimizing an onboarding process that ensures all employees are inducted. Attending disciplinary hearing & taking meeting minutes and documentation of Hr records.

I have also demonstrated my ability to work effectively as part of the team, prioritize and communicate complex ideas to a variety of officers. I'm excited about the opportunity to apply my skills and experiences to the important work that the organization does, both domestically and internationally. I am particularly drawn to the department's mission to promote organizational interests and values, and to build bridges of understanding between different cultures and nations.

I believe that my qualifications and experience make me a strong candidate for this position, and I am eager to discuss how I can contribute to your team.

I thank you for your time and consideration and I look forward to hearing from you.

Yours faithfully,

Margaret Anyango.
