The Human Resources Team
Accord Medical Supplies Limited
Nairobi, Kenya

Application: Human Resource Assistant

Dear Hiring Manager,

Accurate HR records and well-run recruitment are what keep a growing supplier running, and that is the work I have spent the last five years learning to do well. I am applying for the Human Resource Assistant role at Accord Medical Supplies, a company whose focus on enabling healthcare delivery is a mission I would be proud to support.

Across four placements, most recently at The Social House (September 2025 - June 2026), I have coordinated full-cycle recruitment, screened 100-200 applications a month, prepared employment contracts and offer letters, maintained confidential employee records, tracked training forms and recorded staff performance appraisals. At Kentrout Farm I built a structured CV database, and at GDC I processed stipends and managed employee files. I also applied Kenyan labour law principles when supporting disciplinary documentation and HR audits.

I want to be transparent about where I am in my career. I hold a Diploma in Human Resource Management and am completing my BCom in HRM (expected 2027). My experience is spread across four placements, which together total more than a year of hands-on HR work, and I am working toward CHRPK/IHRM certification. What this means for you is a candidate who has already worked across recruitment, onboarding and records, who learns quickly, and who is ready to be productive from the first week.

I would welcome the chance to discuss how I can support your HR function. I am available for an interview at your convenience and can be reached on +254 740 118 539 or njokilucy23@gmail.com.

Yours sincerely,

Lucy Njoki Waitathu
