

Dear Sir/ Madam,

RE: HUMAN RESOURCE OFFICER JOB APPLICATION

I am applying for the HR Officer position at Accord Medical Supplies Ltd. I hold a BSc in Human Resource Management from Moi University and have five years of progressive experience, including dedicated HR roles covering recruitment, onboarding, employee records and leave management.

At Fine Media Limited, I have conducted over 300 interviews and onboarded 140+ employees, while managing workforce planning for 800+ staff with zero vacancy gaps. I build talent pipelines for recurring roles so positions are filled without delay.

I keep accurate records and manage attendance and leave. At Fulusi Capital, I maintained 100% accuracy in attendance and leave scheduling across two branches, removing payroll discrepancies. At Fine Media, my Excel dashboards cut attendance processing time by 40%. I am proficient in HRMIS, Microsoft Dynamics 365 and the Microsoft Suite.

I handle confidential information with discretion and apply the Employment Act and the Data Protection Act in my work. My employee relations and conflict resolution skills help me work well with managers and staff across departments and sites.

I would welcome the opportunity to bring dependable, well organised HR support to Accord Medical Supplies and to discuss my application further.

Best Regards,
