CURRICULUM VITAE

PERSONAL PROFILE

NAME : David Karinga
ADDRESS : P.O Box 42-10300 Kerugoya
DATE OF BIRTH : 19/09/2002
SEX : Male
MARITAL STATUS : Single
RELIGION : Christian
NATIONALITY : Kenya
ID NO : 39681693
Tel. : +254 740361458

PERSONAL PROFILE

I am a highly motivated and detail oriented bio-medical engineering diploma student with hands on experience in medical equipment maintenance, calibration and diagnostics. Passionate about improving health care through technology and eager to apply my skills in a dynamic and growth oriented environment.

EDUCATIONAL BACKGROUND

2023-2025 : KMTC Eldoret
Diploma in Medical Engineering
2021-2023. : Certificate in medical engineering
2016-2019 : Kerugoya Boys High School
Attained a certificate
2006-2015 : Kagumo Central Academy
Attained a certificate

INDUSTRIAL FIELD EXPERIENCE

2022-2023 : Kerugoya Referral Hospital.

2025 July-september : Eldoret Hospital.

2025 November -2026 May : Volunteer position at
Mary Immaculate Kerugoya Hospital

PROFESSIONAL BACKGROUND

2025 November--2026 May : volunteered at the Mary Immaculate Kerugoya hospital.

TECHNICAL SKILLS

- ✓ Equipment installation and calibration
- ✓ Circuit Analysis
- ✓ Preventive Maintenance
- ✓ Understanding of ISO 13485 and Hospital Standards

SOFT SKILLS

- ✓ Communication
- ✓ Team work
- ✓ Attention to detail
- ✓ Time management
- ✓ Integrity

19th May 2026

TO WHOM IT MAY CONCERN

Dear sir/Madam

REF: RECOMMENDATION LETTER- DAVID MUTHII KARINGA

Greetings and Peace.

I am pleased to write this recommendation letter for the above named, who has served as a Biomedical Engineer at our facility for six months from 19th November 2025 to 18th May 2026..

During his time with us, he has demonstrated commitment, professionalism, and a strong willingness to learn. He is an active and dependable team member who adapts quickly to new responsibilities and performs his duties diligently. His technical knowledge, positive attitude, and dedication to service have greatly contributed to the smooth operation and maintenance of biomedical equipment within the facility.

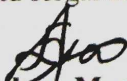

In the course of his duties he has been involved in the installation and calibration of biomedical machines, equipment, and software, while also evaluating their safety, efficiency, and effectiveness. He has actively participated in the maintenance and repair of biomedical equipment whenever required and has consistently provided technical support to various departments within the hospital. He has also maintained updated service histories and records for biomedical equipment, trained clinicians and other staff on the safe and effective use of biomedical machines, researched emerging technologies and engineering aspects related to biological systems, and prepared technical and service reports as required.

He has shown excellent interpersonal skills, reliability, and the ability to work collaboratively with different teams within the hospital environment. His eagerness to learn and improve has been evident throughout his engagement with us.

Based on his performance, conduct, and professional capability during his period of service, I confidently recommend him for any opportunity in the field of Biomedical Engineering. I believe he will be a valuable asset to any institution fortunate to engage him.

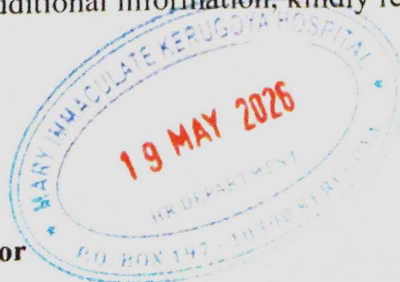

Should you require any additional information, kindly feel free to contact us.

Kind Regards,

Evelyn Murage.

Human Resource Officer.

CC; Hospital Administrator
