

Dear Sir/ Madam,

RE: APPLICATION FOR HR OFFICER POSITION

I am applying for the Human Resources Officer position at your firm. I hold a BSc in Human Resource Management from Moi University and bring five years of progressive experience across FMCG, ISP, microfinance and aviation.

In recruitment and selection, I have conducted 300+ interviews and onboarded 140+ employees at Fine Media Limited, and led full cycle recruitment at Fulusi Capital, filling 17 positions from 48 interviews. I manage workforce planning for 800+ staff with zero vacancy gaps, and I deliver inductions and policy briefings, as I did for 49 interns and attachés at Kenya Airports Authority.

For HR administration and payroll support, I kept 100% accuracy in attendance, leave scheduling and employee records at Fulusi Capital, removing payroll discrepancies, and cut attendance processing time by 40% at Fine Media through Excel dashboards. At Kenya Airports Authority, I maintained contracts, confirmation letters and personnel files in line with the Employment Act. I work strongly in HRMIS, Microsoft Dynamics 365 and the Microsoft Suite (Excel, Word, PowerPoint, Teams).

In employee relations and performance management, I strengthen workplace culture across multi site teams at Fine Media, escalated disciplinary cases with due process at Kenya Airports Authority, and ran structured performance reviews across two branches at Fulusi Capital. I apply the Employment Act and the Data Protection Act and handle confidential information with discretion.

I would welcome the opportunity to bring reliable, well organised HR support to your team and to discuss my application further.

Best Regards,
