RE: APPLICATION FOR THE HUMAN RESOURCES POSITION

Dear Hiring Manager,

I am writing to express my interest in the Human Resources position within your organization. I am an HR Professional with hands-on experience in human resource administration, recruitment, employee records management, onboarding, training coordination, employee relations, HR reporting, and compliance. I am particularly interested in this opportunity because it offers a platform where I can contribute my practical HR experience while continuing to grow professionally.

In my current role at ROK Industries Ltd, I manage a range of HR activities that support the employee lifecycle. My responsibilities include maintaining accurate personnel records and HR databases, coordinating recruitment processes, preparing HR documentation, supporting onboarding and employee integration, monitoring attendance and leave, and providing accurate HR information for reporting and payroll processing. I also work closely with department heads on staffing requirements and employee-related matters, ensuring that HR processes are handled efficiently and in line with organizational policies and labour requirements.

I also coordinate employee training activities, including induction, statutory and compliance-related training, while maintaining the necessary training records and following up on completion and outcomes. My experience with WIBA matters, employee documentation, HR reporting, and compliance has strengthened my ability to handle sensitive employee information with confidentiality, attention to detail, and professionalism.

Previously, I gained additional experience in recruitment and HR administration, where I supported job advertising, candidate sourcing and screening, interview coordination, onboarding, employee file management, leave administration, employee communication, and payroll support. These experiences have given me a practical understanding of both day-to-day HR operations and the importance of providing timely and responsive support to employees and management.

I am a proactive, organized, and adaptable HR Professional with strong communication, problem-solving, record management, and interpersonal skills. I am confident that my practical HR experience and commitment to continuous learning would enable me to make a meaningful contribution to your team.

I would appreciate the opportunity to discuss my application further. Please find my CV attached for your consideration.

Thank you for your time and consideration.

Yours faithfully,
Brendavirg Wambui Wanjiku
