

30th September 2026

The Human Resources Manager,

Accord Medical Supplies,

Nairobi, Kenya.

Dear Hiring Manager,

RE: Application for HR Officer Position

I am writing to express my interest in the HR Officer position at Accord Medical Supplies Limited. I hold a Bachelor of Information Science from the Technical University of Mombasa and have practical experience in records management, administrative support, document control, database management, and handling confidential organizational information. I am confident that these skills, combined with my strong organizational and interpersonal abilities, would enable me to contribute effectively to your Human Resources function.

In my previous role as a Records Manager at Vinek Contractors Limited, I managed physical and electronic records, maintained secure filing systems, supported administrative operations, managed databases, and handled sensitive information with professionalism and discretion. I also worked closely with staff and management to facilitate access to information, maintain accurate documentation, and improve administrative processes. This experience has developed my attention to detail and provided strong transferable skills in employee records management, HR documentation, compliance support, and administrative coordination.

Previously, as a Records and Administrative Assistant at Kenya Ports Authority, I supported data entry, institutional documentation, records retrieval, and general administrative activities while responding to staff and visitor information requests. I successfully managed and organized more than 500 institutional records weekly while maintaining accuracy. My freelance experience further strengthened my ability to prepare reports and correspondence, maintain databases, coordinate documentation, and improve digital workflows.

I am particularly interested in joining Accord Medical Supplies because of the organization's role in supporting healthcare delivery through the provision of medical equipment and services. I would welcome the opportunity to support your HR operations through accurate employee records management, recruitment and onboarding administration, leave and attendance documentation, effective communication, confidentiality, and compliance with workplace policies and requirements.

I am proficient in Microsoft Office 365, Google Workspace, Microsoft Access, SQL, and digital records management systems. I am also a highly organized, adaptable, and collaborative professional who can work independently while coordinating effectively with employees and different departments.

Thank you for considering my application. I would appreciate the opportunity to discuss how my qualifications, administrative experience, and transferable HR skills can contribute to Accord Medical Supplies Limited.

Yours sincerely,

Karen Wambui Maina

PROFESSIONAL EXPERIENCE

RECORDS MANAGER

Vinek Contractors Limited – Nanyuki, Kenya
January 2025 – July 2026

- Managed physical and electronic organizational records while maintaining accuracy, confidentiality, security, and accessibility.
- Maintained structured filing systems and document control procedures in accordance with organizational requirements.
- Supported administrative operations through correspondence management, database maintenance, documentation, and records retrieval.
- Maintained accurate staff and organizational information and responded to authorized requests for information.
- Assisted employees and management with information access, document organization, and administrative documentation.
- Applied appropriate confidentiality and information-handling procedures when managing sensitive organizational records.
- Coordinated records-related activities with staff and management to ensure timely availability of required documentation.
- Identified documentation gaps and supported improvements to information management and administrative workflows.
- Used Microsoft Office 365, Microsoft Access, SQL, and Google Workspace to manage and organize information efficiently.

Key Achievements

- Implemented structured filing and document-classification systems that improved document accessibility.
- Introduced an efficient records tracking and indexing approach that reduced document retrieval time.
- Improved data accuracy and information accessibility through systematic records-management processes.
- Maintained a high level of confidentiality when handling sensitive organizational information.
- Supported process improvements that enhanced the efficiency of administrative and information-management activities.

INDEPENDENT RECORDS & INFORMATION MANAGEMENT ASSISTANT

Freelance Projects
2023 – 2024

- Developed and maintained digital documentation systems for academic and administrative projects.
- Managed document tracking systems to improve version control, accuracy, retrieval, and information accessibility.
- Prepared reports, correspondence, administrative documentation, and project records.
- Supported administrative workflows through organized documentation and information management.
- Maintained accurate databases and electronic records while ensuring confidentiality.
- Assisted project teams with document organization, information retrieval, and administrative coordination.
- Verified information for completeness and accuracy before filing, updating, or distributing documents.
- Used digital tools and Microsoft Office applications to improve documentation and administrative processes.

RECORDS AND ADMINISTRATIVE ASSISTANT

Kenya Ports Authority 2023

- Managed the intake, registration, classification, and organization of institutional records and administrative documents.
- Maintained physical and electronic filing systems and supported efficient records retrieval.
- Assisted with data entry, database updates, inventory management, documentation, and general administrative activities.
- Handled confidential information in accordance with established records-management and information-security requirements.
- Responded to staff and visitor information requests and provided professional administrative support.
- Supported departmental documentation and ensured records were properly organized and readily accessible.
- Worked collaboratively with staff to resolve documentation and information-retrieval issues.
- Maintained accuracy while processing high volumes of institutional records.

Key Achievement

- Successfully managed and organized 500+ institutional records weekly while maintaining a high level of accuracy and efficient retrieval.
